

Vanderbilt Health Affiliated Network (VHAN)

We are a collaborative alliance of providers committed to transforming healthcare. From flu shots to the most complex care, we are working together to make healthcare more proactive, accessible and affordable.

By creating innovative solutions and partnerships with clinicians, employers and insurance carriers, we are improving the quality and value of healthcare across the Southeast.

Redesigning Care and Strengthening Communities

Our network includes hospitals, physician practices, clinics and post-acute care facilities across Tennessee and surrounding states. Our mission is to improve care across the Southeast by equipping practices to succeed in population health and sharing evidence-based best practices.

Network Highlights:

1. \$50 million in costs avoided for health plans
2. Nearly \$20 million in shared savings to network clinicians
3. Consistent cost savings and quality performance for six years running

Transforming Care Delivery

We have built a value-based network of providers who are transforming the practice of medicine by focusing on care quality and cost.

More than 
6,000
provider members in our high-quality network

Improving Health & Productivity

Network providers use data-driven approaches to engage patients and offer access to the care they need, when and where they need it.

Quality care for 
300,000
patients across Tennessee and surrounding states

Driving Innovation

We work with insurance companies, brokers and employers to create value-based solutions for managing workforce health and employee benefits.

Nearly **\$20 million** in 
shared savings delivered to health plan sponsors and network clinicians for 6 years running

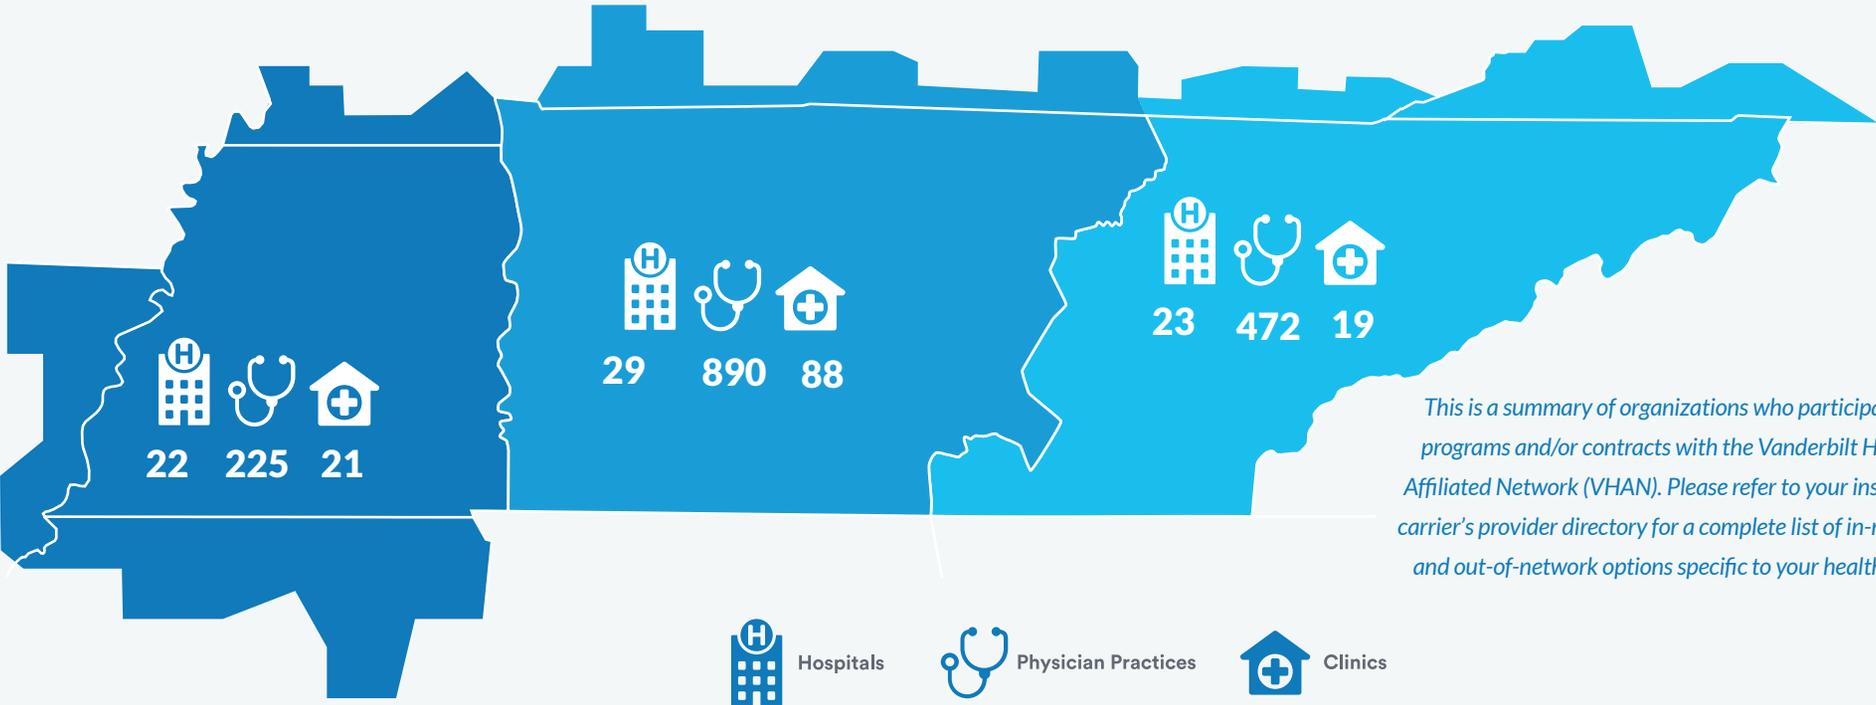

Managing the Total Cost of Care

By transforming care delivery, improving health and productivity, and driving innovation, we're effectively managing the total cost of care. As a result, our model delivers high value reducing healthcare costs.

Vanderbilt Health
Affiliated Network

The Largest Network in the Region

The Vanderbilt Health Affiliated Network is driving a new level of clinical innovation and teamwork to bring high-quality, accessible healthcare and services to communities in Tennessee and surrounding states. The network includes more than 6,000 clinicians, more than 70 hospitals, 14 health systems, and hundreds of physician practices and clinics working together to provide the best care, at the right time, and at the right cost.

This is a summary of organizations who participate in programs and/or contracts with the Vanderbilt Health Affiliated Network (VHAN). Please refer to your insurance carrier's provider directory for a complete list of in-network and out-of-network options specific to your health plan.
